

# My Education Online

## Prospectus 2025/26

**Education shaped around your child, not the system**

*A live, teacher-led British online school for modern learners*

- Academic rigour
- Real-world skills.
- For families who want more than traditional schooling.

**British Curriculum | Small Class Sizes | Global Families**

## The MEO Edge:

Emotional Intelligence • Financial Literacy • Entrepreneurial Skills • Artificial Intelligence

# Welcome to MEO

Dear Parent / Guardian,

I founded **My Education Online (MEO)** with one mission: to deliver a **world-class British education** that truly serves the needs of modern students and families — an education that is **personal, meaningful, and future-focused**.

Too often, children get lost in crowded classrooms or left behind in systems that move on too quickly. **MEO was built to change that.**

We keep our classes intentionally small so every child receives the time, attention and motivation they deserve. Our teachers don't just deliver lessons — they **mentor, support and bring out the best** in every learner.

At MEO, students learn through **live, interactive lessons** led by experienced, passionate teachers who combine academic excellence with care.

Our mission is simple yet powerful — to make world-class education accessible to families everywhere, combining structure, personalisation and innovation to help each student thrive.

At **My Education Online**, we're not just preparing students for exams — **we're preparing them for life, leadership and success** in a fast-changing world.

.

Abu-Sufyaan Patel

Founder & Director of Education

# MY EDUCATION ONLINE

Tomorrow's Skills for Today's  
Learners

## About MEO

**My Education Online (MEO)** is a globally accessible British online school offering small-class, live teaching that combines **academic excellence with modern innovation**.

Students attend daily lessons from qualified subject specialists in classes of **no more than 8**, gaining the quality of a British private school with the flexibility of home-based learning.

## Vision & Mission

To redefine global education by making world-class British learning accessible anywhere — combining expert teaching, personal attention and innovative digital tools with The MEO Edge:

Artificial Intelligence, Emotional Intelligence, Financial Literacy and Entrepreneurial Skills.

## Why Families Choose MEO

### Small Classes

Maximum 8 students per class ensures every child is seen, heard, and supported.

### Live + Recorded Lessons

Monday to Friday live classes with recordings available for revision anytime.

### Global Accessibility

World-class British education from anywhere in the world.

### Expert Teachers

Qualified, caring teachers who mentor and motivate, not just deliver lessons.

### Personalised Tracking

Individual feedback and progress monitoring for every student

### Affordable Excellence

Private school quality at a fraction of traditional costs.

# Curriculum Overview & The MEO Edge

## Curriculum Overview

### Primary (Years 2-6)

Foundational skills in English, Maths & Science plus Arabic and Spanish. Creative and interactive lessons build confidence and curiosity. The MEO Edge woven through every subject.

### Lower Secondary (Years 10-11)

Broader subject mastery and independent learning across core disciplines, guided by The MEO Edge principles.

### iGCSE (Years 10-11)

Specialised subjects and exam preparation for Cambridge/Edexcel qualifications with focused academic rigour.

### A-Level (Years 12-13)

Advanced study developing independence, research and leadership skills for university and beyond.

## The MEO Edge – Skills for the Future

At MEO, education goes beyond academics. Every student develops four future-ready pillars integrated throughout Primary to A-Level:

### Artificial Intelligence

Students build digital fluency, logical thinking and ethical understanding of technology shaping our world.

### Emotional Intelligence

They learn self-awareness, resilience and empathy to communicate and lead with confidence.

### Financial Literacy

We teach money management, budgeting and responsible financial decision-making.

### Entrepreneurial Skills & Critical Thinking

Students innovate, collaborate and turn ideas into impact through real-world projects.
